By participating in Hillel's Dining Service 13 Meal Plan you will be transferring your University Housing Entrée Meal Plan. The University will need to receive a copy of this contract in order not to bill you for the board portion of your University Housing charges. If you have already paid the board portion, you will receive a rebate from the University of Michigan on a pro-rated basis effective the date of this contract after they have received a copy. You may make changes in your meal plan choice as follows: fall term modifications may be made through September 30, 2010, winter term modifications may be made through January 31, 2011. You must always be on either the University's meal plan or Hillel's meal plan while you live in a dorm. Meal plan contracts that are signed in the fall will automatically continue through winter term, unless changed by contract.

We also accept Visa and MasterCard; space is provided at the bottom of this contract if you prefer this payment option.
